

Andrew & Summer Chafa

“...how shall they believe in him of whom they have not heard?” - Romans 10:14

February - March 2026

The Round Up Ministries Gospel Project is now complete and receiving views on our YouTube channel @tech2proclaim under “Roundup Ministries Gospel Presentation” as well as being used effectively with QR code tracts. The Gospel is presented clearly while Champ the smiling trick horse keeps viewers engaged. Contact us if you would like help with implementing your own online radio station or other media projects. We have a great opportunity to use media as an outreach tool. Check out our YouTube video “15 Billion Hours A Day”.

Currently: We are in Antigua, West Indies assisting missionaries Nathan and Renee Owens at the Caribbean Radio Lighthouse broadcasting on AM, FM, and online. This station recently celebrated 50 years of sharing the Gospel, Biblical programming, and music throughout the islands and around the world. We arrived on January 31st and have been busy serving in many areas. The AM transmitter has far exceeded its expected lifespan and has recently suffered recurring fires that damaged internal components. Many hands-on hours have gone into replacing parts, prepping for the new transmitter, and keeping the current transmitter going until the new one arrives. Just before our arrival, both the studio console and FM transmitter failed. The Lord miraculously provided the needed funds, and we are nearing completion of the new FM transmitter and console installation. The upgrade required converting from analog to digital resulting in a slew of changes including new wiring, routing, etc.

Summer has been helping at the station’s office filling in while Renee was in the States having eye surgery. She has also been updating and prepping the curriculum booklets that the station mails out to anyone wanting to learn and grow in their faith as well as computer work adding the correct metadata to files for station programs.

Going and Growing: Tech2Proclaim Ministry’s online station Edify radio continues to grow as we update and add content. You can find us through the Live365 app and also worldwide on myTuner Radio app, search either one for “Edify”. We believe in doing what we can, where we can, while we can to proclaim the Gospel. To contact us regarding the radio station, please email edify@tech2proclaim.net

Thank you to all that support us as we serve, we are grateful. Please pray with us as we try to balance ministry projects while also working to finish raising our support.

By His grace and for His Glory,

Andrew & Summer Chafa
