

June 2026

I recently spoke at a church planting luncheon to encourage pastors to be involved with a new church plant in Willowick, OH. This will be the third church plant in the greater Cleveland area in the last three years. I will give the details for the Willowick project in a future update. Among the pastors attending the luncheon were five pastors of young church plants that have started in Ohio with the help of BCPM. It's always a thrill to see these young churches involved with other church plants. Churches helping churches reproduce churches!

The death rate of churches in America is at an all-time high and I am now spending more time helping pastors absorb dead churches with the purpose of starting new ministries. Please pray for wisdom as this is a very involved process and entails extensive legal and real estate knowledge.

Thank you for your investment in BCPM! May the Lord bless your involvement and desire to help churches reproduce churches.

For a recent video update on BCPM got to <https://bit.ly/BCPM>.
