

Andrew & Summer Chafa

"...how shall they believe in him of whom they have not heard?" - Romans 10:14

June & July 2026

BIG NEWS: We are excited to announce that we are heading to Antigua, West Indies full-time!

Once we finish raising the last 30% of our needed support, we will be moving to Antigua to serve with veteran missionaries Nathan & Renee Owens at Caribbean Radio Lighthouse. CRL is a Christian radio station that has been broadcasting for over 50 years covering over 20 island countries with a listening audience of 2 million people.

The Owens have faithfully served at CRL for 14 years. They have been praying and asking for help for 8 years. We were introduced to them through a missionary friend who told them about us and our passion for the radio ministry. Summer and I have helped this ministry on three different projects over the last 1.5 years and believe the Lord has showed us that "we" are the ones He wants to fill that need.

After many months of prayer, counsel, and waiting, we believe this is the direction the Lord has for us. There are many Gospel opportunities that we will be a part of while we serve in Antigua. Our main focus will be helping meet the radio station needs at CRL. Also, we have been made aware of the opportunity to start an outreach in the local schools. We have developed a relationship with a local independent Baptist church where we will serve as well.

Our ministry has not changed, we will continue to equip ministries around the world to reach their area with the Gospel using the powerful tool of technology through media. We don't know every detail but are trusting the Lord.

To Our Supporting Churches: Thank you for your partnership with our ministry and encouragement as we follow the Lord in this unique ministry to proclaim the Gospel worldwide. If you know of a like-minded ministry please refer us as this would be a great help as we finish up our deputation efforts.

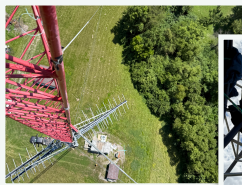

To Potential Supporting Churches: Please consider the incredible opportunity we have of proclaiming the Gospel to the uttermost using the powerful tool of technology by partnering with us to help raise our remaining support quickly. You can view our calendar on our website at tech2proclaim.com or see our prayer letters and calendar at missions21.com and search Andrew Chafa.

Current Radio Ministry Update: We were able to stack a tower and install related station equipment for a local church in Missouri as well as help a supporting church with much needed tower infrastructure repairs also in Missouri. We have an install project coming up in August before we strongly focus on raising our remaining support. **Prayer requests:** Souls and spiritual fruit in the Caribbean chain, productive meetings, and funds for setup in Antigua.

By His grace and for His Glory,

Andrew & Summer Chafa
