Missionaries to the Philippines

Staying Faithful

July 6, 2026

Greetings from the Philippines!

We trust that all of you are doing well. We are doing great on our side of the world. Souls are being saved, lives are being changed, and the ministry continues to grow. God is so good! In fact, I don't even know where to start. These letters always cause me to pause and reflect on the last couple of months, and I'm always amazed at all that has happened. Let me try to give you a little glimpse of some of the wonderful things God is doing here.

Missions Emphasis: We concluded this year's emphasis month with a Parade of Nations as many of our children carried the flags of the countries we support while the choir sang, "Go Reach the World." By God's grace, our missions giving and faith promise pledges have increased every year since the church began.

Mother's Day: There were around 140 mothers present for our Mother's Day celebration. We were happy to give each one a small gift and a flower. I also preached an encouraging Mother's Day message from the book of Ruth.

Teen Camp: The theme for our youth camp this year was, "Will You Be the One?" One of the main emphases was purity. Pastor Randy DeMotive was our guest speaker, and many life-changing decisions and commitments were made.

A Special Visitor: It was a blessing to have my dad, Roland Galyean, visit the Philippines for the second time. There is something special about having your father see firsthand what God is doing through the ministry. This picture was taken during a visit to Corregidor Island, where we enjoyed exploring its rich World War II history. My grandfather was anchored in the Philippines the night Japan surrendered, so my dad and I always enjoy tracing that history together.

Father's Day: I'm so thankful for the God-fearing men of Crossroads Baptist Church. They have stood with me through thick and thin for the past 22 years. We were especially thankful for the fathers who were present on Father's Day. They also received a gift (no flowers!). I preached a message on the life of Boaz from the book of Ruth.

Expanding Fleet: God has blessed us with two new multicabs to add to our fleet of ministry vehicles. We are so thankful for these blessings. We now have seven vehicles that help us meet the many transportation needs of the ministry, including picking up people for our services.

It's always my prayer that these updates will encourage your hearts. I live with a constant awareness of my responsibility to your investment, and I am deeply grateful for your love, support, and prayers. We love you all!

It's a great time to be alive!
