JULY / AUGUST 2026

We praise the Lord for what He is doing in Cambodia! **Thank you for being a key partner with us in the ministry here in Cambodia and Southeast Asia.** Two weeks ago **Petra** and **Eam** were among the 25 or so folks who followed the Lord in Believer's Baptism. God is faithful to continue to add to His church and we feel the responsibility to properly shepherd these folks as they are discipled into spiritual maturity. **Rotha** and **Sarey** are among several new adults who made professions of faith over the past month or so. Rotha will graduate from university very soon and we are praying that her husband, Phea, will be able to find a job close to the church in Phnom Penh which will eliminate the four-hour round-trip commute for them to attend church. Sarey and Sokgi live an hour from the church in PreahVihear but are committed to becoming a part of the church family now that they are both believers. Please join us in praying for the spiritual growth of these two adults as well as the others who have been recently saved.

It was a great joy to have the opportunity this past week to travel to Jumreay village with Brother San and meet some of the new believers who will, Lord willing, be a part of the new church plant in that village in the coming weeks. We believe that healthy churches, in God's timing, will always help give birth to new local churches, and we are blessed beyond measure to see the Lord using the church-plant in Kompong Chhnang to plant this new church! We thank God for how He is working in and through that local body to see folks saved, discipled, and now planting a new church that will be located an hour from them. **Ly**, **Pheap**, **Pich**, and **Nahs** are among some of the folks who will be part of this new work. Please pray for the believers in Jumreay village as well as our folks in Kompong Chhnang who will be laboring to see this new work begun. We thank God for several of the Bible college students who have committed to helping see this new work established in this very dark and spiritually desolate village. We presently have about 10 adults, 4 teenagers, and between 20-30 young people who have been reached with the gospel in that village and who will be part of the new church plant. Additionally, there are several adults in the village who are presently counting the cost of what it would mean should they believe as well.

Teal and **Malis** are new believers who recently answered 100 questions from the Book of Mark in order to earn a new Bible. They are members of the church plant in Kompong Speu Province. Pray with us regarding this work as Brother Samnang, an apprentice from the Bible College, and his team oversee the two churches located there. In recent days there has been confusion brought about in the village due to the influence of a fake "church" and their use of money and gifts to "buy members." They are posing a substantial barrier to the gospel in that village and the surrounding area. Sadly, this is a common occurrence here in Cambodia. Please join us in praying for the following items: **Wisdom for parents of PIA students** who are graduating from 6th grade and need to make decisions regarding their ongoing education; the **upcoming church plants** in Jumreay Village and Trabang Anjing Village; **finances** to construct the needed Bible College dorms.

Because of God's grace, *Dave & Debbie*
