

August Missions Update!

Month in Review

August was one of the busiest months of the year for us! We had visitors here for missions trips 20 out of the 31 days of August! We began the month with a group of 13 people from a supporting church. They helped us put on a special children's day event. We had over 150 kids come and hear the Gospel and receive information about the church. Then we also had a special Sunday service for children's day and had several visitors. Pray for us as we continue to follow up with those who came. After they left, a couple that we met while on furlough came to visit and see Argentina!

It was such a blessing having these groups come and to be able to show them the ministry and country of Argentina. They have made an eternal impact here and we

would love to host more people. If you are interested, please reach out to us for more information.
