

Hardie - 9/4/2026

Greetings to all,

Thankful for all of you that have seasoned with us throughout the course of our time in Zambia. We are continuing to look to the Lord for his direction, course, and purposes. We have had no response regarding Samuel's reception or rejection at Amano Schools. We bow and ask the Lord's mind and purpose in the delay. Between us and Social Welfare we have sought the answer. We have followed the advised course of Social Welfare who has also communicated with the School on our behalf. Our Social Welfare Officer communicated today, Friday asking where we stood regarding Samuel's schooling and to the present no answer was given. The Social Welfare Officer said they would communicate after a meeting today School is to start Monday and there was a warning of not delaying Samuel's schooling, yet it is to the wire. Please pray the Lord gives us wisdom and direction in Samuel's schooling. If it would be for Samuel's blessings that Samuel would be received with open arms or if the Lord has another plan, that the Lord would lay it out plainly. Pray the Lord would allow sponsors through CMML that would pay for Samuel's schooling.

Pray that we can all focus on that which the Lord has before us. Samuel's schooling, the three new babies we are feeding. Becoming more involved with Senanga ministry wise, and that we also can encourage and be encouraged by our Mongu Brethren that we have met with a few times now.

Prayers for you all and God Bless!!!

Due to a small dark kitchen there is a preference to wash dishes outside near the banana trees.
