Dear Praying Friends and Supporting Churches,

Our 19th Annual Pastors' and Workers' Conference was a huge success. Our guest speakers were Pastor John Wilkerson and Mrs. Linda Wilkerson. Our theme this year was "Biblical Prosperity." Our people were so blessed to learn from the Wilkersons. We are grateful for the impact that their visit has made in our ministry.

We had 360 registered delegates and 56 different churches represented at the conference.

I received this message from a pastor who attended the conference: *"The teaching from the conference has helped me to teach my members. We are now focused on eternal prosperity, not material prosperity. I am using the book you gave us to teach at our midweek services."*

Another pastor said, *"We are thankful to God for granting us the opportunity to be part of this year's conference. Everyone in the group who came to the conference testified that they were challenged to live a life in obedience to God's Word by being faithful to paying tithes and offerings and by not neglecting Him. This past Sunday, many of them came to church with tithes and offerings."*

Soul Winning: On August 8, while making some follow-up visits, I met a lady named Savior. We invited her to church. She did not have a church and was very interested. She has attended three times now with her children. We praise God that she has accepted Christ as her Saviour. She followed the Lord in baptism in our Wednesday evening service on August 26.

Thank you to all of our supporters who faithfully pray and give to our ministry efforts here in Ghana and West Africa!

God bless,

Ted Speer
