August & September 2026

ONWARD & UPWARD!

In our last prayer letter we announced that we were heading to Antigua, West Indies to serve with Caribbean Radio Lighthouse full-time and focusing exclusively on raising the last 30% of our needed support. While in Colorado, we were blessed to see our youngest and his family as they were traveling from the Navajo Reservation to Montana with their ministry.

In the middle of August, we took a week from meetings to work on an already scheduled radio station installation project in the Dallas area. To say 110 degrees was hot was an understatement! Due to the severity of the temperatures, we rose around 4am and worked as long into the day as we could and then went back to work after the sun started setting.

As soon as the tower was set, the equipment installed and connected, the Pastor was overjoyed! This opportunity to use radio to reach souls in their area has been an ongoing dream of his and the church there. In preparation long before we got there, he had already been preparing content, music, and station ids! We were also given the opportunity to share our ministry with the church family during service.

As we passed through Texas to be with a few churches, we were able to serve at our daughter's church in the kitchen cooking together and in the nursery with projects. It is always a joy to see family as we travel.

Lately we have been in meetings in Texas, Louisiana, Alabama, and Florida. With these meetings, we are excited to let you know our current support is bumping 80%. What fruitful meetings the Lord has placed us in. We are thankful for every meeting opportunity.

We continue to be in touch with the Owens family, whom we will be working with, as the time draws nearer to our moving there. What a blessing they have been to answer so many questions regarding housing, vehicles, and basic things to think about for living in Antigua.

Currently our biggest need is funds for a vehicle purchase in Antigua as well as setup funds. After research, counsel, and looking at available options, the vehicle we are saving for is a 4x4 pickup (\$65k) as we must have this to climb the mountain to reach the transmitter site. We currently have \$10,000 to go towards these needs. Please pray specifically for this and consider giving towards this ministry need.

Prayer requests: Antigua vehicle and setup funds, scheduling productive meetings, as well as fruit that would remain from the radio ministry and personal witnessing.

By His Grace and for His Glory,
Andrew & Summer Chafa
