

Hardie - 10/7/2026

Today Wednesday October 7th, 2026

Greetings to All,

We are so thankful for all of you who have been led to assist with the feeding program: five babies currently including the twins pictured below. We have just purchased another month of formula 6,100 kwacha (\$308.62). We purchased two braziers, two sets of pots and pans, a bag of charcoal and purchased meat(protein) , vegetables, eggs, etc... for two families in need who were staying on hospital grounds who have returned all to store for next people in need. There are a couple new cases Social Welfare asked us to look into regarding one young teenage girl who has been in hospital with Mom who has no food. Please pray for discernment for us in meeting the physical, spiritual needs of those in Western Province as well as our own family needs. We saved \$178.60 by buying in bulk. Please pray for the adjustment. We normally get a donation at the 15th of the month, month end and around the last quarter of the month. Some of our contributor's have had to change how they give where we will have to make adjustments to maintain our budget to enable our activities through the month. It is a growing pain that with the Lord's guidance and help it will work out. Samuel and Sarah went to deliver formula to a baby for the next couple weeks as I write.

Please pray as we prepare to take Samuel to Northwestern for his Seventh Grade exams. It will be a school near his former school, as we are thankful for the Lord's provision through you who the Lord lays upon the heart of. Then in November Samuel will retest in a few areas to see if he will be going to Amano. The Lord knows the way through the wilderness all we have to do is hear, heed, and follow in obedience. So many things are occupying us currently, the adoption we are prayerful that the adoption of Samuel will press forward, a potential case is pending against Samuel's former school. Pray for God's purpose, will, and keeping through the coming days.

Samuel has really gotten into cake making and may try starting a business. Pray for our brethren in Mongu Gospel Hall. Thankful for a Brother and his family that has been gracious Host as we have had to spend a few nights in Mongu.
